

NEBRASKA GOES FOR M'KINLEY BY 7,000

REPUBLICAN CANDIDATE FOR GOVERNOR ELECTED.

The Legislature in Doubt—Lentz Is Beaten for Congress in Ohio by Only Eight Votes—Republicans Concede the Election of Beckham for Governor of Kentucky.

Lincoln, Neb., Nov. 9.—Practically complete returns fix McKinley's Nebraska majority at seven thousand. Dietrich, republican for governor, leads slightly and the official canvass from all the counties is needed to determine.

The legislature is still in doubt both claiming control on joint ballot.

Bryan declines to discuss the re-organization talk emanating from Dickinson and others, but has received many telegrams pleading continued support.

Lentz Beaten by Eight Votes.

Count in the Twelfth district shows count in the Twelfth district shows that Tompkins defeats Lentz by eight votes. There is talk of contesting Lentz's friends alleging that Hanna McKinley and Dick went after him through the national committee with thirty thousand dollars.

Beckham Is Elected.

Louisville, Ky., Nov. 9.—The official count beginning today, will determine the plurality for Beckham, the democratic candidate for governor. The republican newspapers concede him elected on eleven hundred on the returns already in, while the democrats claim over 4,000. Fraud is charged by the republicans who name the First, Third and Tenth districts. A rumor was floated this morning that if Yerkes is defeated he will be offered a place in the cabinet.

Taggart Not for Bryan.

Indianapolis, Nov. 9.—Mayor Taggart, national democratic committeeman of Indiana, this afternoon said that he did not believe that Bryan would be a candidate four years from now. While he admitted that he did not think from a political standpoint that it would be judicious to run him again. He emphatically denied that Indiana was lukewarm on silver.

BRYAN IS BITTER IN HIS DOWNFALL

Charges Bribery and Colonization, but Admits Prosperity Argument Was Potent.

Lincoln, Neb., Nov. 9.—W. J. Bryan is not only bitter in his defeat, but a trifle defiant. He has admitted his downfall in the following carefully prepared statement:

"The result was a surprise to me, and the magnitude of the republican victory was a surprise to our opponents as well as to those who voted for our ticket. It is impossible to analyze the returns until they are more complete, but speaking generally we seem to have gained in the large cities and to have lost in the small cities and in the country.

"The prosperity argument was probably the most potent one used by the republicans. They compared present conditions with the panic times from '93 to '96, and this argument had weight with those who did not stop to consider the reasons for the change.

"We are defeated but not discouraged. The fight must go on. I am sure that republican policies will be repudiated by the people when the tendency of those policies are fully understood. The contest between plutocracy and democracy cannot end until one or the other is completely triumphant.

"I shall not be a senatorial candidate before the legislature which has been elected. Senator Allen deserves the senatorship which goes to the populists. Mr. Hitchcock and W. H. Thompson are avowed candidates for the senatorship. They both deserve well of the party, and I am too grateful to them for past support to stand in their way even if I desired a seat in the senate."

MONUMENT TO THE VICTIMS OF MAINE

Three Designs Selected in New York—There is About \$100,000 Cash on Hand.

New York, Nov. 9.—General James Grant Wilson, chairman of the committee on site and design of the monument to the sailors who perished in the Maine disaster and the soldiers who died in the Spanish-American war, announced that the committee today, after examining forty-three submitted designs, selected as the best three in the first competition those of the following:

Austin Hays, sculptor, associated with Donn Barber, architect; O. Piccirilli, sculptor, associated with J. L. Van Buren, architect, and George Julian Zolnay, sculptor, associated with Joseph Henry Freedlander, architect.

The fund to this monument to the men of the Maine, which amounts to about \$100,000 cash in hand, was raised by the New York Journal. Since the completion of the fund the sculptors of the country have been engaged in preparing the models for this competition. The monument is to be erected in New York City. The three designs selected today will be worked out in greater detail by the successful competitors, and then the winning design will be selected.

tors of the country have been engaged in preparing the models for this competition. The monument is to be erected in New York City. The three designs selected today will be worked out in greater detail by the successful competitors, and then the winning design will be selected.

HELPS THE CHRISTIAN CAUSE.

McKinley's Re-election Will Give Chinese Confidence in Americans. Beloit, Wis., Nov. 9.—Among the most enthusiastic over the results of the election is C. F. Cannon, the missionary from Tien Tsin, China, who voted in this city. He says that the republican policy in the Philippines will aid much in the Christianizing of the Chinese, as the Chinese will learn to have confidence in the United States from close contact with the Americans in the Philippines.

PRIEST LOSES A FOOT.

Beloit, Wis., Nov. 9.—The Rev. Father Rivers, assistant pastor of St. Thomas' church of this city, has suffered the amputation of one of his feet in treatment for gangrene. His condition is critical.

SELLS ISLANDS TO THE UNITED STATES

Spanish Premier Announces Signing of a Treaty Transferring Possessions to American Flag.

Madrid, Nov. 9.—The Spanish Premier, General Azcarra, announced today that a Spanish-American convention had been signed in Washington by which the islands of Cayagan and Cibuau in the Philippine archipelago had been ceded for \$100,000.

The islands of Cayagan and Cibuau are north of Luzon and by an oversight in drawing up the treaty of Paris were not included in the transfer of the Philippines to the United States. When the error was discovered Spain decided to cede the islands without additional compensation. The United States thereupon negotiated for their purchase, in order to prevent their falling into the hands of some other power.

CARLIST RISING HAS FAILED.

Premier Azcarra Assures the Queen or Transquility in Spain.

Madrid, Nov. 9.—At a cabinet council held today under the presidency of the queen regent, General Azcarra, the premier, said that there were now no Carlist under arms in Spain and that the rising had failed completely. In order, however, to destroy the entire Carlist organization in the country, he said, the suspension of the constitutional guarantees would be maintained.

FOND DU LAC WOMAN 103 YEARS OLD DIES

Mrs. Charity Jane Robinson—She Was Born in Ireland March 18, 1798—Relatives Held High Rank.

Fond du Lac, Wis., Nov. 9.—Mrs. Charity Jane Robinson, who died yesterday in her one hundred and third year, was one of Wisconsin's oldest women, and at the same time one of the most remarkable residents of the Badger state.

Mrs. Robinson was formerly Miss Charity Jane Powers, and was born in County Meath, Ireland, March 18, 1798. Her ancestors were men of title and rank, and they held high positions in the queen's service. She came to America in 1865, her husband dying at sea.

She made Fond du Lac her home for many years until four years ago, when she was injured by a fall. She sewed for a living, working without glasses. Since that time she was an inmate of the home for the friendless.

HANNA FOR PRESIDENT IN 1904

Henderson Launches the Room—Senator Says He Doesn't Want It.

Cleveland, O., Nov. 9.—At a Republican meeting held in the Union League club recently, D. B. Henderson, speaker of the house of representatives said: "Gentlemen, there is an orator from your district who is at present attracting much attention in the northwest. You are liable to hear from him in the future. I refer to Senator Hanna. It is a fact that his name has been linked many times of late with the presidency for 1904. About the Chicago headquarters and at the New York headquarters considerable has been said concerning this." Speaking of this and other rumors, Senator Hanna said yesterday: "I don't want to be president of the United States. I have no desire to experience the trials and worry that are the president's lot. I have had all of them that I want. No matter what my friends may do or say, I will not be considered a candidate for a moment."

FIVE BURIED IN A SEWER.

Cumberland, Md., Nov. 9.—A large sewer under construction caved in this morning burying five men. The bodies of Isaac Foman and George Rice have been taken out.

KENTUCKY QUEEN OF BATTLESHIPS

SPLENDID SEA FIGHTER HAS BROKEN ALL RECORDS.

Trip From New York to Gibraltar Made in Twelve Days—Laurels Formerly Held by the Oregon Are Wrested Away by Her Sister—It Was a Fine Speed Performance.

New York, Nov. 9.—The queen of the United States Navy is now Uncle Sam's splendid battle ship Kentucky. She is the big beauty that went under the Brooklyn bridge one night not long ago when the moon was high. There was a car blockade, and hundreds of people watched the great fighting machine as she slowly drifted under the bridge.

Everybody knew that she was a war vessel but none knew her name. She was hailed:

"What ship are you?"

The answer came from a group of men in the fighting top and it ran: "She was bred in Old Kentucky. Where the meadow grass is blue."

Hundreds of cheers sounded and the great battle ship went on down the Narrows, her jackies still singing.

Has Broken All Records.

And now comes the news from Gibraltar that the Kentucky has broken all records for war-ships. Even the Oregon's marvelous performance during the Spanish war must take a back-ground when the knot question is considered, for the Kentucky has beaten her.

The Kentucky left New York October 26, and has, therefore, made the distance to Gibraltar in just twelve days. From Sandy Hook to the big rock is about 4,000 miles, and the Kentucky, therefore, has made a speed averaging fourteen knots all the way across.

Marvelous Performance.

For a war-ship the officers of the Brooklyn navy yard say this trip is marvelous, as the trip, when made by the big ocean greyhounds of the Hamburg-American Line, consumes at least eight days. The Kentucky in making the distance in twelve days under natural draught proves herself to be more than her builders claimed for her, when it is taken into consideration that the liners are under forced draught the entire distance.

The Oregon, on her voyage around the Horn, maintained a sea speed of fourteen and one-half knots an hour, and until the performance of the Kentucky was made known the Oregon held the record for rapid transit among fighting ships.

The navy yard officials were both surprised and delighted to hear of the Kentucky's marvelous run, and they immediately cabled Captain Chester their congratulations.

TRAGEDIES IN KENTUCKY.

Five Killings in Various Parts of the State.

Louisville, Ky., Nov. 9.—At Versailles last night George Woodruff, town marshal of Midway, Ky., shot and killed Alfred Stanhope, an internal revenue storekeeper, and probably fatally shot Thomas Etherington, a bystander. The tragedy was the outcome of a quarrel a week ago between the 10-year-old sons of Woodruff and Stanhope, the fathers taking up the quarrel. In Harlan county last night John Day shot and killed Henry Osborn after a brief quarrel. At Middlesboro last night Grant Raines, colored, and J. Griffith, white, quarreled over craps and opened fire simultaneously. Raines was shot through the heart, but lived long enough to give Griffith his death wound. At Buckeye, in Garrard county, Edgar Brown, aged 18, and Luther Ray, aged 16, were drinking and arguing politics, Ray being a Democrat and Brown a Republican. The result was a quarrel, during which Brown was shot and instantly killed. The boys were sons of well-to-do farmers. Robert Munroe, a farmer of near Burnside, Ky., died there from the effects of a double charge of shot, believed by some to have been fired into his head by mistake, though others think the killing the outgrowth of politics, which was at fever-heat around Burnside the day before election, when he was shot.

TING YANG IS LED TO BLOODY BLOCK

Execution of Four of the Ringleaders of the Chinese Uprising Given Penalty of Death.

Shanghai, Nov. 9.—Peking dispatches say that Ting Yang, acting viceroy of the Pechili; General Kusi Hing and two other leading officials were executed at Pao Ting Fu on Nov. 5 in accordance with the sentence of the allies tribunal. A discredited report of the death of the Empress Dowager is again in circulation.

Remember the Sale of the Home-

made cooking by the ladies of the Court Street M. E. church to be held tomorrow commencing at 10 o'clock at the store in the church block.

GOV. SCOFIELD MAY SEND A MESSAGE

LEGISLATURE DID NOT PASS THE RESOLUTIONS.

Governor Believes the Retiring Chief Executive Should Be Required to Make Recommendations to Following Legislatures, Based on Experience Gained During His Term.

Madison, Wis., Nov. 9.—Governor Scofield may not send a message to the next session of the legislature as provided for in a joint resolution introduced in the last legislature. The general impression is that this joint resolution passed the last legislature, and that in conformity therewith Governor Scofield will send a message to the legislature which will meet on January 7, next. Investigation, however, shows that that joint resolution died in the assembly of the last legislature, and was not passed. Governor Scofield is considering his duty in the matter and has not decided whether he will draw a message or not.

Died in Committee.

In his message to the last legislature, Governor Scofield urged the adoption of some provision by which the outgoing governor shall send a message to the legislature which meets immediately after the inauguration of his successor. In accordance with this suggestion, a joint resolution was passed by the senate providing for this outgoing message to be sent by every governor.

The resolution met no opposition in the senate and as far as known, would have met no opposition on the floor of the assembly. It was sent to the assembly after having passed the senate, and was there referred to the Committee on State Affairs, and in the hands of that committee it died.

In Doubt as to His Duty.

In the light of this fact Governor Scofield is in doubt as to his duty in the matter. He has some suggestions gained from his experience during his four years in the executive office, which he would like to lay before the next legislature, and he is undecided as to whether to prepare a message or not.

It is said that Governor Lewis on going out of office, sent a message to the next legislature, containing many recommendations regarding legislation on state affairs. If this is found to be true, it will constitute a precedent for Governor Scofield; should he decide to send a message.

Irrigation Congress Delegates.

Gov. Scofield yesterday appointed the following as delegates to the national irrigation congress which will meet at Chicago Nov. 21 to 24: Prof. F. H. King and George Rayner of Madison; H. L. Austin of Evansville; A. J. Phillips of West Salem; N. E. Becker of Random Lake; G. L. Patch of Stevens Point, and B. M. Baumh of Grand Rapids.

PORTFOLIO FOR HENRY C. PAYNE

Milwaukeean to Be Rewarded—Campaign Worker, It Is Said, Will Be Appointed Postmaster General.

Chicago, Nov. 9.—Henry C. Payne was talked of at national headquarters yesterday as the probable successor of Postmaster General Charles Emory Smith. It has been reported from Washington that Mr. Smith would resign his present position to take another portfolio in the cabinet.

Mr. Payne during both of the McKinley campaigns acted as vice chairman of the republican national committee and as national committeeman from Wisconsin. Many credit him with having been the real manager of both campaigns, with Senator Hanna looking for the financial part of them and deciding only the most important moves.

The appointment to the cabinet if it comes, will be regarded by Mr. Payne's friends as a just reward for the brains, time and money the Milwaukee man has put at President McKinley's service. The Wisconsin man is one of the leading business men of his state, and his contact with republican leaders all over the country has made him one of the most popular men in the party. Republicans of the Middle West are urging his appointment. Mr. Payne laughed when he was called General and said nothing.

Frank W. Funk Hanged.

Washington, Nov. 9.—Frank William Funk, dressed in a Prince Albert, black tie, patent leathers and as cool as he would be while going out to dinner was hanged here at twelve nine o'clock today. Funk killed Wm. H. Brooks, aged seventy-three years, a veteran of the civil war and beat Mrs. Brooks to insensibility, then robbed her pockets of two thousand dollars and left the city. Months afterward he was captured in Missouri. Mrs. Brook's mind never recovered.

J. W. Bates of Beloit is in the city today on business.

WISCONSIN MAN FOR CABINET.

McKinley Will Select One of His Advisers from the Badger State.

Milwaukee, Wis., Nov. 9.—It is generally believed among politicians that Wisconsin will have a place in the new cabinet of President McKinley. Who will be the man to get the position and what position will be given to Wisconsin are not determined. Senator John C. Spooner and Henry C. Payne are mentioned as the men who are likely to get the position, and if any such appointment comes to the state one or the other will be the recipient.

MAY REVEAL ANCIENT HISTORY.

Important Manuscript Discovered in China by the Russians.

St. Petersburg, Nov. 9.—Learned men of this city are preparing a scientific expedition to examine the immense number of manuscripts at Mukden, discovered by Russian troops, among them being ancient Greek and Roman documents, supposedly taken by the Mongolians on their retreat from the Occident. They are believed to be of great historical value.

REVOLT IN TAMMANY IS GAINING GROUND

Crocker's Crown Is Slipping from His Head—Open Threats Against Him Being Made.

New York, Nov. 7.—Richard Crocker's Tammany hall crown is slipping from his head. Revolt against his continuance as leader is growing within the wigwag at an astonishing rate. Coupled with it is a rapidly widening movement on the outside to remove him once for all from his dominance over New York's democracy.

Mr. Crocker had ample evidence today that his power is on the wane. He spent several hours at Tammany hall but he was almost alone there. District leaders who for weeks have paid him daily visits have stayed away from the wigwag. The rooms in campaign days crowded with alert politicians are well nigh empty.

Mr. Crocker walked about like a man who had lost all his friends. He was sad even to moroseness. He refused to talk about the reports that many of the Tammany leaders had become convinced that he must be removed from leadership if the organization is to be saved from defeat next year. He would not tell if he intended to go to England soon, or intended to remain and try to regain his hold on the organization.

BILOXI, MISS., IS DESTROYED BY FIRE

The Loss Will Be Over One Million Dollars—Former Home of Jeff Davis Is Near By.

New Orleans, Nov. 9.—Biloxi, Miss., the Gulf summer resort well known throughout the country, was almost completely destroyed by a fire which started late last night. The loss will be about a million dollars. The normal population is about four thousand and has accommodations for many more guests. Tourists found interest in the fact that Beauvoir, the home of Jeff Davis, was near by.

BENEFIT FOR MRS. BRESCHI.

Incidentally New York Anarchists Will Commemorate.

New York, Nov. 9.—The Italian anarchists of this city announce that they will give a benefit entertainment on Nov. 10 in aid of the wife and family of Breschi, who assassinated King Humbert. Incidentally the anarchists will commemorate the hanging of the anarchists in Chicago for the Haymarket bomb throwing. Mrs. Breschi has declared that she will have nothing to do with the anarchists, and her friends and neighbors are angry at the attempt of the anarchists to connect her name with their entertainment. Her friends say that "benefit for Mrs. Breschi is merely a cloak to hide an intention to celebrate the Haymarket riots. The entertainment, the anarchists say, will be held in the Bowery.

WOUNDED WOMAN IS MARRIED

Romantic Ending to Accidental Shooting in Adirondacks.

New York, Nov. 9.—Mrs. Salma Coe Kerr, who was recently so badly injured in the Adirondacks by accidental shooting that her leg was amputated, was married at noon today to Charles F. Bailey of Philadelphia. The ceremony was performed by the Rev. J. Batholomew of New Windsor, N. Y., the country home of the bride. As Mrs. Bailey is only just recovering from the wound and operation, the home of her mother, Mrs. E. Frank Coe, in Fifth avenue. Mrs. Kerr was wounded by the same bullet that struck Mr. Bailey, he having been shot by Dr. C. T. Dade, who mistook him for a deer. The engagement is said to have existed before the shooting, but it was not announced until about a fortnight ago.

Apple sale Saturday. DeFrick Bros.

BOTHA IN COMMAND OF BOER FORCES

BURGHERS SHORT OF SUPPLIES LIVE ON POOR RATIONS.

They Will Offer a Desperate Resistance to English Occupation from Their Retreat in the Mountains—General Roberts Whips the Boers in Orange River Colony.

Pretoria, Nov. 9.—One of General French's scouts who was captured near Heidelberg and who was at first treated badly by the Boers, who threatened to shoot him was afterwards released and sent with a dispatch to General French's headquarters.

He states that General Hans Botha is in command of the Boers and has with him the Bethel, Carolina, Ermelo, and Middleburg Commandoes. The scout says that he recognized a number of British prisoners in the laager. They were captured during General French's first advance.

They will be released and furnished with passes as soon as the official who issues passes arrives from Middleburg. The scout also states that the Boers are short of supplies and are living on mealie and meal and using burnt mealies to make coffee. The supply of meal however, is abundant.

Roberts Whips the Boers.

London, Nov. 9.—General Roberts reports a successful engagement with the Boers in the Orange River colony. Col. Le Gallais surprised one thousand Boers near Bothaville and completely defeated them, capturing six cannons, one maxim, wagons, ammunition and 100 prisoners. The Boers lost twenty-five killed and thirty wounded. The English loss was eleven killed and thirty-three wounded including Le Gallais killed.

PLAN TO REORGANIZE DEMOCRATIC PARTY

Efforts Being Made to Bring About an Early Meeting of the Leaders—Cleveland Favors It.

New York, Nov. 9.—Plans for the reorganization of the democratic party are being discussed by leading democrats all over the country. The crushing defeat of William J. Bryan is generally regarded as the final repudiation of the principles of the Chicago and Kansas City platforms and of the leaders who forced them upon the party.

Efforts are being made to bring about a meeting of democratic leaders, to be held probably in this city, for the purpose of revising the democratic creed so that the scattered elements of the party may be re-united and it may again present a solid front with the hope of success.

Former President Grover Cleveland's closest friends are foremost in agitating the movement to place the party once more upon its feet. Mr. Cleveland himself is deeply interested in it and is himself heartily in its favor.

John G. Carlisle, formerly secretary of the treasury has some very positive ideas as to the duties of democrats. When asked for his views he said: "In my opinion the democratic party should at once reorganize upon a democratic basis."

BIG VOTE FOR DEBS AND JOHN G. WOOLLEY

Other Presidential Candidates Are Forgotten in the Enthusiasm Over Election of McKinley.

Chicago, Nov. 9.—In the general enthusiasm over McKinley's election and Bryan's defeat many people forgot that there were five other men in the field with aspirations to the office of president of the United States. Though these men did not receive many votes the total number cast for all would have made a marked difference in final results had they been given to either of the leading candidates.

At the national prohibition headquarters it was estimated last night that the total vote in the nation would exceed 400,000. This estimate was based upon the receipt of about 490 telegrams received yesterday from twenty-eight states. This is more than three times the vote cast for Levering in 1896.

John G. Woolley anticipates a vote approaching 500,000, basing his claims upon the country precincts which are yet to report. Indiana, Ohio, Michigan, New York and Pennsylvania are thought to have polled a prohibition vote fully four times as large as in 1896. Illinois is estimated at nearly three times the vote of 1896, or 27,000.

Senator Davis Almost Better.

St. Paul, Minn., Nov. 9.—United States Senator Davis passed a good night and was feeling comfortable today, his injured foot causing him little inconvenience beyond his enforced stay indoors. His pulse and temperature are now almost normal, his appetite good, and his physicians look for rapid progress.

CARP DRIVING AWAY CANVAS BACK DUCK

DESTROYS CELERY UPON
WHICH THE BIRDS FEED.

Made a Hasty Visit at Lake Koshkonong and Then Departed for the Sunny South—Introduction of Carp by the State Was a Great Mistake.

The present cold snap practically closes the duck shooting season on Lake Koshkonong. The great bulk of the ducks that were left on the lake left for the sunny south the night before the cold snap reached here.

For many reasons this has been a remarkable fall as far as duck shooting is concerned. On account of the continued warm weather which prevailed in all parts of the northwest the ducks did not come south in large numbers as they do when the weather further north is colder. When they did come they did not stay at Koshkonong more than a day or two, only long enough to get a rest from their long flight, and they continued on south.

What is the cause of the canvass back leaving Lake Koshkonong after being there only for a day or two? Never in the memory of the oldest inhabitant of the country surrounding the lake has such a thing occurred before. Canvass backs usually come about the fifteenth of October and stay from three to four weeks according to the weather and get fat as butter from feeding on the wild celery which covers the bottom of the lake. Now everything is changed. The ducks no longer linger in the lake and get fat; they stop only long enough to rest and then leave.

Enough ducks came to Lake Koshkonong this fall in the different flights to cover the lake and make good shooting for all if they had stopped to feed. One day you would see thousands of birds and the next day there would hardly be a duck in sight; they had left the lake during the night. What has caused this remarkable change in the flight of the ducks is not because they were disturbed on their feeding grounds by the hunters.

There have been several game wardens at the lake during the entire fall and the game laws have been lived up to by nearly all the hunters about the lake. No scull boats were seen operating in open water, there was no shooting by moonlight on the open lake, and no blinds built far out in the lake from natural cover. The only way that this strange behavior of the birds can be accounted for is the scarcity of feed in the lake. At one time the bottom of the lake was covered with beds of wild celery that covered it like a mat. Now all is changed; the lake is filled with millions of carp that eat every tender plant that grows on the bottom of the lake and root up the mud like a drove of hogs, keeping the water covered with a dirty scum and continually riled up.

It is only a question of a short time when the wild celery in Lake Koshkonong will be a thing of the past, and when the celery gives out so will the canvass back.

Investigations were made this fall by people interested in the matter and in some fifty different places in the lake where the celery has always abounded and formed some of the favorite feeding places for the ducks not a root could be found. In one or two places in the lake celery is still to be found and at those points a large jam of canvass backs stayed all the fall.

The canvass back is the lord of all game birds, strong of wing, with a large body and a head that has more brains in it than is allotted to any other game bird. Unless something is done to exterminate the carp in Lake Koshkonong, the finest duck lake in the United States will become a gigantic carp pond. The introduction of carp into Rock River and Lake Koshkonong was one of the greatest mistakes ever made in this country. Some steps should be taken by the legislature this winter to determine the best means to exterminate the carp before it is too late to do any good. They not only destroy the feeding grounds of the ducks but eat the spawn of all game fish while they increase more rapidly than any known fish.

SUGGESTIONS FOR HANDLING TOBACCO

The Janesville Leaf Tobacco Merchants' association has issued a circular letter to tobacco growers headed suggestions for handling tobacco which should be heeded by all growers who have contracted and sold tobacco as well as those who are in the market. The letter is as follows:

1. Do not be in a hurry to strip your tobacco. There is plenty of time between now and January. We do not want tobacco bundled earlier than December 1. Tobacco lowered from the poles early in the season will heat in the pile, rot and stain the leaves coming in contact with the

Goshen, Ill.
Dear Sirs: Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank.
Respectfully yours, A. C. JACKSON, M. D.

green stalks. It is also liable to heat and damage in the bundle unless great care is exercised.

2. Do not allow tobacco to become too highly cased and saturated with moisture before lowering from the poles. Do not sprinkle or spray your tobacco when preparing it for the market. This is a dangerous practice and tobacco thus treated is unmerchantable.

3. Tobacco should be soft and pliable when it is taken down. Do not allow your tobacco to be extremely dry or extremely moist.

4. Make bundles that will weigh from thirty-five to forty pounds. Lap the goods so that the bundles will not pull apart in transportation. Use the best tobacco paper on the market for bundling.

5. We call your special attention to the word trash in your contract. Curley ground leaves, sun burn, muddy and extreme ragged leaves.—We will pay you market price for the grade but it must be bundled by itself.

6. Please read your contract carefully and note terms and conditions therein before bundling your crop for the market, and make a minute of the above suggestions.

The grower and dealer are mutually interested in this crop and you should exercise the best judgment and care in preparing it for the market.

SWEENEY MUSICALE WAS A RARE TREAT

Two Hundred Guests Responded to the Event at Christ Church Parish House Last Night.

Between two and three hundred guests responded to the invitations sent out by Mr. and Mrs. J. F. Sweeney, inviting them to a musicale which was held in the Christ Church Parish house last evening. The program was perfect in every particular, and was a rare treat to all lovers of music. It was presented by Miss Mathryn Taft Bruce of Madison, and Mr. Myron E. Barnes of Rockford. The hall and platform were handsomely decorated with chrysanthemums and potted plants, and presented a pretty picture.

Miss Bruce has one of the best voices ever heard in Janesville. It is perfectly trained, and her selections elicited great applause.

Mr. Barnes has appeared in concerts in this city before. He has a fine voice, which he handles in a manner that gives great pleasure to his listeners.

Mrs. Sweeney played the accompaniments in a faultless manner. The program was as follows:

"When the Land is White With Moonlight,".....	Nevin
"The Rosary".....	Nevin
Nocturne.....	Nevin
Aria, from "Mignon".....	Ambrose Thomas
Song Cycle, "Elliland," Op. 9.....	Miss Bruce
"Water Name Was 'Lovingland'".....	Miss Bruce
"Roses".....	Miss Bruce
"Imagined, Thou Fairer Maid".....	Von Fielitz
"On the Shore of the Lake".....	Von Fielitz
"Child Voices".....	Von Fielitz
"Moonlight Night".....	Von Fielitz
"Dreams".....	Von Fielitz
"To God Thy Soul Belongs".....	Von Fielitz
"Requiem".....	Von Fielitz
Chanson, from "Les Percheurs de Perles".....	Bizet
Zauberlied.....	Meyer-Helmund
"Oh, That We Two Were Maying".....	Nevin
"Trinkled," (Cavalleria Rusticana).....	Mascagni
"When Thou Art Near".....	Lohr
"Ah, Mon Filis," from "Le Prophete".....	Meyerbeer
.....	Miss Bruce

After the program was finished a social session was held in the Guild hall. The space between the stairways at the west end of the hall was decorated with Turkish rugs, curtains and pillows, and presented a picture of oriental splendor.

Refreshments were served under the supervision of Mrs. Louise Bowerman, in the hall on the floor below Guild hall. This hall was handsomely decorated with smilax, ferns and plants, and presented an attractive appearance.

About 11 o'clock the guests departed for their homes, well pleased with the evening's entertainment.

"Thou changest not—yet, I am always changing," said the substitute to Rocky Mountain Tea. Made by the Madison Medicine Company. 35 cents. Smith's pharmacy, kodak agents, opposite P. O.

SOLDIERS' MONUMENT VOTE WAS SMALL

Mistake Was Made in Not Making the Ballot on a Separate Piece of Paper.

A great mistake was made in the ballots of the last election that the ballots for the Soldiers' Monument was not printed on a separate piece of paper. A large number of people, while they would be interested enough in the question to vote for it if their attention was called to the matter, would not notice the ballot at the bottom of the large sheet. Many a man went to the polls this year and never unfolded his ballot any further than was necessary for him to see the little square at the top of the ticket. They went to the polls with the intention of voting the straight ticket and it was not necessary for them to look down the list to find out how to vote.

No better time for carrying this question through could have been taken than at the last election when all were in sympathy with the movement. If the vote goes against the monument this will be one of the principal reasons.

NEWS AND GOSSIP FROM COUNTYTOWNS

CONTRACT MADE TO LIGHT THE
STREETS OF CLINTON.

Eastern Star at Clinton Gave a Banquet at the Rogers Hotel—Watts Reiser Marriage—The Election at Milton—News From Footville Center, Lima and Other Towns.

Clinton, Wis., Nov. 9.—At Beloit on Thursday evening, Nov. 1, occurred the marriage of Mrs. E. J. Watts of this place and Miss Grace Reiser. Both young people are held in high esteem and are receiving the congratulations of their many friends.

Monday evening after the regular work of the order of Eastern Star had been closed the members repaired to the Rogers Hotel where a fine banquet had been prepared. After ample justice was done to the tempting viands plenty of music was furnished and a general social time was held. All regretted the arrival of the hour for departure. Nothing but the highest words of praise was heard for Mr. Rogers and the entertainment furnished.

The People's Lecture Course opens with an entertainment on November 15 at the Congregational church. The Y. M. C. A. also have an excellent course of entertainments for the winter. It is hoped that both will receive a liberal patronage.

E. Grabler and Miss Ida Hasse both residents of Clinton were married on Tuesday evening, November 6, at 8 o'clock. The ceremony was performed at the German Lutheran church in the presence of a large gathering. Rev. H. Rohrer officiating.

The Woman's Missionary society of the Janesville district of the M. E. church held a convention here on Tuesday and Wednesday of this week. A social was held at the Y. M. C. A. rooms Tuesday night to receive election returns. Refreshments were served.

Election is over and the next event of interest will be the chicken pie supper served at the Congregational church on Nov. 23.

Rev. Wm. Moore is filling the pulpit at Shopiere for the present month on Sunday afternoons at 2 o'clock.

M. B. Inman has disposed of the most of his property and is filling a car with his household goods to ship to Fruitdale, Ala., where they have decided to go on account of his health.

Mr. and Mrs. F. S. Thomas and Will Bruce and wife are at home again after spending the summer months at Lauderdale Lake.

Mrs. C. W. Collier is visiting her sister in Burlington.

Mr. Dixon, a former teacher, was calling on old friends last Monday.

No school was held on Tuesday, Election Day.

S. S. Jones has been in Janesville of late at the meeting of the county board.

Mrs. E. E. Yates of Sharon has been spending a few days with friends.

Mr. and Mrs. C. P. Drake will entertain their many friends at a six o'clock tea next Tuesday evening.

Clinton is in high glee at the prospect of having the streets lighted, as a vote at the special election gave 3 to 1 in favor of it. Fifty men are wanted at \$1.75 per day during the next thirty days to complete the work according to the contract.

FOOTVILLE.

Footville, Nov. 9.—The concert by the Dixie Jubilee Singers last Saturday night was attended by about 300 people and was greatly enjoyed by all. On Sunday evening the Singers gave a sacred concert in the Methodist church which was of a very high nature. The church was crowded.

Quite a number attended the republican rally at the hall Monday night, and listened to the closing speeches of the campaign.

The vote polled in the town of Plymouth was 231 for McKinley and 84 for Bryan. The county and state vote was in same proportion.

In spite of wind and snow the election social at the hall Tuesday night was well attended. The music of the evening was furnished by the local orchestra and the male quartette of the M. E. church. R. C. Evans recited very acceptably. The returns came in slowly but sufficiently to satisfy those present as to results.

Rev. John Lugg looked in on friends between trains on Tuesday.

Ray Owen surprised his parents and friends by coming home to cast his first presidential vote. Ray is enjoying his work.

The first snow of the season fell here Tuesday.

Mrs. Ed. Mattice, the local milliner, will display her stock at Hanover on Monday, Tuesday and Wednesday, next week. A good chance for her Hanover ladies.

and social at W. J. Owen's tonight, (Saturday.)
Miss Minnie Wood is spending Saturday and Sunday at her home in Stebbinsville.

LIMA.
Lima, Nov. 9.—Now that election is over, everybody is wondering what the next excitement will be.

Mrs. Kelly and daughter of White water, were guests of Mrs. Knowles' recently.

Several from here attended the funeral of O. A. Cravath in Whitewater on Wednesday. Mr. Cravath was for many years a resident of Lima.

Misses Cora and Lota Kenyon returned to their home in Richland Center Tuesday.

Mrs. A. Lompke and family have moved to Whitewater.

A number of Miss Florence Stetson's friends gave her a genuine surprise on Friday evening.

Mr. Kranz invited his friends to help raise his barn, Monday.

Mrs. Holbrook has been in Wauzeka this week, with her nephew, who is still very low.

John Waldman will soon move into the house recently vacated by Mr. Williams.

David Collins is able to be around the house again.

Walter Elphick and Mr. Hornbeck returned from the north in time to vote. Law suit in town Friday.

Frank Freeman is helping Mr. Reese in the store again.

Miss Edna Richmond resumes her school duties on Heart Prairie, Monday.

Work on the creamery fence is well under way.

S. G. Hornbeck will have an auction soon, preparatory to moving to Clark county.

MILTON CELEBRATES
THE GREAT VICTORY

The McKinley Plurality in That Town is 337—Effort to Bar Students at Polls Failed.

THE GAZETTE AGENCY.
Milton, Wis., Nov. 9, 1900.

The result of election in this township is very satisfactory to republicans in this precinct. The republican plurality in the town is 337, a gain of 40 over 1896 on a lighter vote. The sensible democrats in this precinct largely voted for McKinley as they did throughout the state. On Wednesday the enthusiastic supporters of McKinley arranged to have a ratification and armed with Roman candles, giant fire crackers, horns, cow bells and other ear piercing devices, to the accompaniment of an anvil chorus organized a procession and at 8 o'clock marched about the town and of course were not silent when they reached the abiding place of well known democrats. A huge bonfire added to the occasion. At the polls on election day a democratic challenger was present and challenged the republican students votes but it did not deter them from promptly swearing in their votes.

Geo. E. Dewey of Fort Atkinson was a guest of H. F. Smith Monday night.

The republican landslide in Kansas elected Chas. A. Smart, son of Mr. and Mrs. R. Smart of this village county judge of Franklin county. His home is at Ottawa.

F. M. Palmer has introduced a new candidate for journalistic favor to the people of Milton. He calls it the News.

Dr. C. E. Crandall came up from Chicago on Wednesday and for the

HOOT IS PLACED ON TRIAL.

Tried to Kill His Wife with Dynamite—
Waterloo's B'g Sensation.

Waterloo, Ia., Nov. 9.—Jerome W. Hoot is on trial in the Circuit Court for attempting to murder his wife by sending her an infernal machine by express from Chicago, Oct. 23, 1899.

The day before the receipt of the box Mrs. Hoot received a letter addressed to her husband which she opened. It proved to be a note written by a woman who signed herself "Tab," and stated that she had returned his presents and that he would know the reason.

The next day the express package arrived and when it was opened a neatly made cabinet of wood was revealed. It was in the form of a miniature bureau with two drawers. Mrs. Hoot attempted to open one of them when a slight explosion like the bursting of a cap aroused her suspicion. She turned the cabinet over to the police. They took it to the river bank beyond the city limits. A string was attached to one of the handles. Referring to a safe distance they pulled the cord. The explosion which followed tore a huge hole in the ground and shook buildings in the city. The report was heard five miles away.

The police began an investigation, which resulted in the location of the woman, "Tab," at a boarding house in Chicago. She proved her innocence, however, and was not taken into custody. Hoot was traced from Chicago to Omaha, Kansas City, Des Moines, and Dubuque, where the trail stopped. He was at last arrested, however, at Algiers, La.

Hoot was brought back and has since been confined in the county jail. The case was postponed once at the request of his attorneys. He protests his innocence.

His wife says he once before made an attempt on her life by chloroform soon after their marriage. She says he has endeavored to persuade her to transfer her property to him. She has filed a suit for divorce in which she relates a tale of unhappiness. Mrs. Hoot had not lived with her husband since shortly after their marriage at Kansas City in 1898.

MAHARAJAH OF PATIALA DEAD.

His Ancestor Was Loyal to Britain During the Mutiny.

Calcutta, Nov. 9.—The maharajah of Patiala died at Patiala, the capital of the principality, last night.

Patiala is an independent Sikh principality, under British protection. At the time of the Indian mutiny the maharajah of Patiala remained loyal to his treaty with Great Britain. At the close of the mutiny he received a promise from the British government that he and his descendants would never feel the British yoke too heavily. The keeping of that promise has caused the Indian government no little embarrassment at times. The ways of Patiala have not been the ways of the somewhat narrow Indian council. However, the promise given at the time of the mutiny has been faithfully observed and the maharajahs of Patiala have been spared the indignity of an English resident. Patiala lies northwest of Delhi, southwest of Simla, southeast of Lahore and is tightly wedged into the hottest valley in the Punjab.

TO BUY CUBAN CAR LINES.

The Van Hornes Leave for Santiago to Secure Options.

Philadelphia, Pa., Nov. 9.—Following a meeting of Philadelphia and Canada capitalists in this city, Sir William C. Van Horne, chairman of the board of directors of the Canadian Pacific railroad, and his son, R. B. Van Horne of Montreal, sailed from here on the steamer Admiral Sampson for Santiago, where they will make an effort to secure options on all horse and trolley lines in Cuba and also on all sugar plantations in the island. The departure of the two men was the result of the permanent organization at last night's meeting of the Cuba company, with a capital of \$20,000,000. Those present at the meeting besides Sir William and R. B. Van Horne were William L. Elkins and Thomas Dolan of this city, R. A. C. Smith, president of the Cuba Mail Steamship company; Percival Farquhar of New York, and T. W. Shephard and M. L. Evans of Montreal.

Juvenile Runaway Captured.

San Francisco, Nov. 9.—Willie Donoho, the 12-year-old son of W. H. Donoho, judge of the city court of the First district of Kansas City, who, in company with his chum, Bert Howard, recently ran away from home and came to this coast, is at the police station here and will be held until his parents can be communicated with. He was arrested while asking for ten cents with which to obtain food. Young Howard has not yet been located.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that the people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by Smith's Pharmacy, next to P. O., Kodak Agents.

Thug Robs Woman.

Chicago, Nov. 9.—Mrs. H. B. Mason, a prominent North Side society woman, wife of Henry B. Mason, was beaten, strangled and robbed last night within a half block of her home by a highwayman. The thief took her purse, containing \$10, and her gold watch.

SCOTT'S EMULSION

of cod-liver oil is the means of life and enjoyment of life to thousands; men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is for But what is the use of food when you hate it, and can't digest it?

Scott's emulsion of cod liver oil is the food that makes you forget your stomach.

We'll send you a little to try, if you like. SCOTT & BOWNE, 400 Pearl Street.

Last Year's Coat :

Is probably too good to cast aside and yet it's rather shabby and soiled, and out of shape. Bring it in; let our cleaners and tailor's pressman get at it; you'll be surprised to find a neat, clean, smooth coat waiting in place of the rough-looking one you left. Better hurry; it's overcoat weather now.

WISCONSIN VICTORY.

The republican victory in Wisconsin last Tuesday, following the victories of two and four years ago, places the state in the republican column next in rank to Pennsylvania, on a basis of voting population. This speaks volumes for the Badger state, and will contribute to the reputation for conservatism and practical common sense.

Wisconsin has a mixed population, resting on a good German-American foundation, with a liberal sprinkling of Scotch, Danish, Norwegian and Irish. The soil has never been congenial for populists, socialists or anarchists, and prohibitionists and reformers have never flourished to any great extent. Unlike Iowa, Kansas and Nebraska, colonized cranks have never infested the ground. This being the case the state has ever been ready to cope with questions of national importance and to deal with them intelligently and wisely. When free silver made its first appearance in 1896, the hard common sense of the state recognized the dangers at a glance, and there never was any question as to what the verdict would be. When the issue appeared for a second time this year the protest was still more emphatic. There was never any doubt about Wisconsin.

Under these conditions the victories that have come to the republican party during the past few years, have been party and not personal victories. The man who secured the nomination for any office in the state was certain to win, because behind him was a great party, working enthusiastically for the supremacy of principle, and not for the promotion of personal ambition. This question of loyalty to principle has been so thoroughly grounded that the party has carried the burden of internal strife, as it did two years ago, without serious disaster, and this year it comes to the front in solid phalanx, after a contest in the early part of the campaign that looked for a time like defeat under any solution.

Mr. La Follette will assume the office of governor without any opposition in his party, not because of personal popularity, but because the rank and file of the party believe in loyalty to principle, and because harmony at the expense of sacrifice, if need be, is better than internal strife.

No governor has ever entered upon the duties of a chief executive under more auspicious circumstances. With the strong endorsement of a united party, and following one of the cleanest and most practical administrations that the state has ever enjoyed, he will find a solvent treasury and every department of state government well equipped and intelligently administered.

Wisconsin is in a position to honor her chief executive, and Mr. La Follette is the recipient of the honor this year. This fact he thoroughly appreciates and he will recognize in becoming the public servant of the people, not only the grave responsibilities but the grand opportunities attached to the service. His friends believe that he is equal to the occasion, and that the state will continue to enjoy the benefits of wise counsel and conservative administration. His hands will be upheld by an official household of experience in executive affairs, and the state will move along in the even tenor of its way without friction, that sometimes occurs through lack of experience in public affairs.

The Gazette voices the sentiment of the people of the state in extending to Mr. La Follette congratulations and a Godspeed.

Boss Croker is a good leader, chairman Jones is a good prophet, and W. J. Bryan is something of a hustler; a combination of talent that ought to win; but this was a bad year. Vaudeville performances are all right occasionally, but they ought not to be repeated every four years.

Mr. Bryan has lost the presidency, and the chances are that his state will turn him down for the senate. He commenced at the wrong end of the ladder of fame, and his descent promises to be as rapid as his ascent. It's better to climb than soar, and much easier landing after the trip.

"The Second Battle," and how I lost it, or my experience with the Tammany menagerie. Price, one dollar in the silver vintage of the realm. Book will be out as soon as I get my breath, and find out where I am at—W. J. Bryan.

Colorado, Idaho and Montana, are still for Bryan and free silver. These states belong in the republican column and will return to the fold when they come to their senses.

Mr. Bryan has had more fun in politics for the past four years than any man that ever played the game to

a stand-still, but it has been sorry fun for democracy.

Bleeding Kansas is on the mend. The state is redeemed from the thrall of populism that has made the fair domain a by-word, ever since the grasshoppers took their departure.

They marched down to the Harlem river 30,000 strong to meet a foe of sturdy yeomen with a muster roll of 180,000. What could they do; go back and take another drink on Croker.

Senator Pettigrew has been retired to private life. South Dakota is to be congratulated on having disposed, for all time, of a barnacle that would have been a curse to any state.

Nebraska also is in line with a plurality for McKinley in Lincoln. Mr. Bryan spent too much time in New York.

The Australian ballot was a size smaller than a county map but a good deal more complicated.

Mr. Bryan went to sleep at eight o'clock on election night. He is excusable.

Has anybody heard of Eugene V. Debs or John G. Woolley?

The full dinner pail will continue to be in evidence.

There is still some hope for Tammany.

Adlai Stevenson was also defeated.

BANQUET BY THE EPWORTH LEAGUE

An Interesting Event at the Court Street M. E. Church Last Night—Outline of Program.

An event to be remembered long was the Epworth League banquet held in Court Street M. E. church parlors last evening. Beautiful decorations, tasty tables, a splendid banquet and toasts that were sensible and witty made up rather long and thoroughly enjoyable evening. Miss Hagley Lagerman, very ably assisted, worked up the event.

The attendance was almost wholly young people. Mr. H. F. Bliss presided as toast master. He soon put all in a splendid feeling of good will, if indeed they were not already in that condition. The following are the toasts and those who responded to them: Our Church, Rev. W. W. Stevens; Our Sunday School, Rev. W. A. Hall; Retrospective, S. C. Burnham, who was one of the charter members of the church; Fraternal Greetings, Fred P. Grove; The Current History Club, Mrs. J. L. Hay; The Other Fellow, Mr. Foley; and the Outlook by Mrs. W. W. Emmons.

During the toasts the occasion was brightened by excellent music. Prof. Dudley sang a solo and responded to an encore. Leo Lang played charmingly on the violin. Roy Carter rendered a piano solo. Chester Parish played a trombone solo. He was obliged to respond to an encore. Miss Angell and Daniel Roberts both sang well and were both encored.

The reception committee were Myrtle Dewey, Mr. and Mrs. W. W. Emmons, Mr. and Mrs. J. L. Hay, Rena Dewey, Grace Nott and Mr. Jabez Isaac. Special praise is due to the following who had charge of the tables: Miss Juliet Bostwick, Edith Loomis, Bessie Gorham, Belle Strawser, Nell Rogers, Mae Summers and Mrs. Oscar L. Brownell. All who were present were delighted. They went away wishing that annual banquets were an affair of every week or of every other week.

Bulls in Scottish Dialect.

Two operatives in a border town of Scotland were disputing about a new cemetery, beside the elegant railing of which they were standing. One of them, evidently disliking the continental fashion in which it was being laid out, said, in disgust: "I'd rather dead than be buried in sic a place!" "Weel, its the verra reverse wi me," said the other, "for I'll be buried nowhere else, if I'm spared."

The Census of 1900.

A booklet giving the population of all cities of the United States of 25,000 and over according to the census of 1900, has just been issued by the passenger department of the Chicago, Milwaukee & St. Paul Railway, and a copy of it may be obtained by sending your address, with two-cent stamp to pay postage, to the general passenger agent of the Chicago, Milwaukee & St. Paul Railway, Chicago, Ill.

Come in and sample our New York Greenings. Dedrick Bros.

MURPHY LEAGUE'S CONCERT

Citizens Should Remember That It Is for a Good Cause

Every good citizen of this city ought to be interested in the temperance cause and try to help the weak who have fallen and need help to put them on their feet again. This is what the Francis Murphy Temperance League have been doing for nearly two years, and have helped a great many to be men again. Friday evening, Nov. 16, the League give a first class musical and literary entertainment, and ask the support of citizens of Janesville. Tickets are only 25 cents, within the reach of all. Tickets can be had at Al Smith's or J. H. Jones'.

TOWN OF CENTER MADE A MISTAKE

The Voters Rejected the Township School System by a Majority of Thirteen Ballots.

Some time ago County Superintendent of Schools Wm. M. Ross, accompanied by the state superintendent of public instruction, made a trip to the town of Center to look over the ground and determine upon the practicability of introducing the township school system in that town.

The system has many advantages over the system now in use. It centralizes the school and rings a larger number of scholars together in one place, thereby lessening the cost of educating them and at the same time giving them the benefit of higher education than can be given them under the present system. The number of teachers employed would be reduced and a portion of the money thus saved would be used to hire conveyances to carry the pupils to and from their homes to the school and to secure instructors in some of the higher branches of study not now taught in the schools.

The two superintendents were favorably impressed with the outlook and at their suggestion the matter was taken up and voted on last Tuesday.

There were a great many people in the town in favor of the move but they could not bring enough people to their way of thinking to carry the plan, through, those not in favor of not centralizing the schools winning by 13 votes.

It is thought by many people posted on the subject that the town made a great mistake in not adopting this new system. It has been tried in many portions of the state with good results. Expenses are reduced and the scholars are given the benefit of higher branches of study which cannot be given them under the present system.

COOPER ROLLS UP A BIG MAJORITY

The counties of the First district gave Mr. Cooper the following majorities:

Green.....1,200
Koshong.....1,088
La Fayette.....777
Racine.....2,287
Rock.....4,519
Walworth.....5,399

Cut Wages 20 to 61 Per Cent.

Stevensville, O., Nov. 9.—The management of the National Steel company's Mingo Junction plant offered the men a new scale of wages that makes reductions in the existing rates of from 20 to 61 per cent. The new scale is based upon new methods of working, which make twelve hours a day's work and render the tasks so hard that none but the biggest men can stand the twelve hours' strain. The offer of the new scale comes with the determination of the company to resume operations after being closed six months. The mills have been surrounded by a high board fence surrounded by electric wires and spikes. Everything is ready for a fight, as it is expected the men will resist the reduction.

Francis Murphy League.
The Francis Murphy Temperance League will hold a meeting at the Y. M. C. A. auditorium Sunday afternoon at three o'clock. Rev. A. G. Wilson will be the principal speaker and will have some interesting facts to present to his audience. There will also be good music and it will be worth any one's time to attend the meeting.

Buy now. Market is higher. Apples by the barrel delivered to any part of the city. Dedrick Bros.

ODD FELLOWS HELD A SPECIAL SESSION

Heads of the Order in the State Were Guests of the Local Members—Some Addresses.

A special session of Court Janesville, I. O. F., was held last evening in the I. O. G. T. hall for the purpose of meeting the heads of the order in this state and other officials of the high court. While the attendance was not large, the members present evinced much interest in the talks made by the visitors, and an enthusiasm has been awakened which will undoubtedly result in the acquisition of many new members in the near future.

The address of the evening was made by B. F. Parker of Milwaukee, the High Chief Ranger of the order in Wisconsin. He alluded briefly to the many advantages and benefits accruing to members of the order and outlined plans of work to be followed by the court. He was followed by others of the visitors and members of Court Janesville.

The event was closed by refreshments and social conversation and at a late hour the members departed for their homes feeling that great good had been accomplished.

Those present from out of town were B. F. Parker, H. C. R., of Milwaukee; J. C. Proctor, H. S., C. K. Jewett, H. T., and Judge E. W. Tenny, of Madison.

IS AN OLD JANESVILLE BOY.

Charles Jacobs of Washington in the City Visiting Friends.

Mr. Charles Jacobs of Washington, D. C., is in the city visiting relatives and friends. Mr. Jacobs is an old Janesville boy, he having lived here some twenty-two or three years ago. He is a nephew of the late C. G. Williams and lived with him when he made his home in this city. Mr. Jacobs has been in the employ of the government in the pension department at Washington for the past twenty-one years. He has never given up his residence in this city and returned here to vote for President McKinley. He sees a great many changes in the city since last he visited it.

CLERK F. P. STARR LEADS THE TICKET

HIS MAJORITY IN ROCK COUNTY
RUNS UP TO 5,203.

McKinley Comes Next with 5,135 Over Bryan—La Follette Has 445 Less Than McKinley—Whitehead Received About the Same He Received in 1896—The Total Vote, 11,696.

The majorities of the leading candidates in Rock County as near as can be ascertained are as follows:

McKinley	8,247
Bryan	3,112
La Follette	5,135
Whitehead	4,450
Bohmrich	2,962
La Follette's majority	4,690
Cooper	7,264
Hodges	2,746
Cooper's majority	4,518
Whitehead	4,450
Buchanan	2,075
Whitehead's majority	2,375
Valentine	2,110
Brinkman	1,255
Valentine's majority	893
Maltress	7,946
Clark	3,413
Maltress' majority	4,533
Starr	8,247
Henderson	3,055
Starr's majority	5,203
Rice	5,018
Broughton	3,054
Rice's majority	5,018
Booth	7,978
Morris	2,968
Booth's majority	4,972
Goldin	8,058
Mout	3,088
Goldin's majority	5,000
Jackson	7,768
Helmolt	3,084
Jackson's majority	4,684
Rowe	8,168
Richmond	3,153
Rowe's majority	5,055

The tables from which the above majorities are compiled are not complete the vote on some of the candidates not being given. In such cases the vote on the head of the ticket was taken and compared with the vote on the other candidates and an estimate made. While the figures given may not be exactly right it will be found when the official report is given that they are not far out of the way.

It will be seen from the list given that the majorities of the candidates voted on by the entire county did not vary more than five or six hundred and where such a variation does occur it can be accounted for by the opposition candidate coming from one of the cities in the county where he received an increased home vote.

According to the table given County Clerk F. P. Starr heads the list with a majority of 5,203. McKinley has a majority of 5,135 over Bryan and a plurality of 4,798 over Bryan and Woolley.

O. D. Rowe has a majority of 5,055 over Richmond and is followed by Rice with a majority over Broughton of 5,018 and Golden with a majority of 5,000 over Mout.

The vote on the other candidates varied. La Follette has a majority of 4,690, 445 less than McKinley's majority and 108 less than McKinley's plurality.

Booth was elected coroner by 4,972. Jackson district attorney by 4,624. Cooper by 4,519. Maltress had a majority of 4,533 over Clark and here again is a candidate from one of the heavy voting districts. Beloit gave the other democratic candidates something like 500 votes each and Clark's vote was 545, or an increase of 350 votes over the other candidates.

Valentine has a majority of 875 over Brinkman in his assembly district. Whitehead has a majority of 2,375 in this district which in only a few votes less than he received in 1896. With a majority of this size in this district there is no question but that he is elected by a large majority.

The vote on Woolley, the prohibition candidate shows an increase of one hundred votes since 1896. This is very encouraging to the members of the prohibition party as it shows a steady increase in the ranks of that party which is as yet in its infancy. It is pleasing to them to know that they are gaining instead of losing ground.

The vote in Rock County is considerably less than the vote of 1896. At that time McKinley received 8,282 votes, Bryan 3,555, Leavering 237, Palmer 86, Bentley 5 and Matchett 12, or a total of 12,277 as against 11,696 this year, or a difference of 581 votes.

CANVASSING VOTE OF ROCK COUNTY

The work of canvassing the vote of Rock county commenced yesterday afternoon at the office of the county clerk. The board of canvassers is composed of one republican, one democrat and the county clerk. The two members of the board to act with the clerk are selected by him from the voters of the county.

The board is composed of J. J. Cunningham, Janesville, democrat; L. C. Whitte, Edgerton, republican, and F. P. Starr, republican. The last of the returns not handed in until yesterday afternoon. The board went to work on the returns at once and expect to have the official returns ready in about a week.

There is a vast amount of stuff to handle and verify and some of the work is necessarily slow. The vote as now

given is very nearly correct, the changes made in the count by the board will not be large enough to affect the returns already made.

The canvassing committee are making rapid progress in their work of canvassing the recent vote. They have already been through the presidential and state tickets and are now on the county ticket. No copies have yet been made or the tabulations compared.

The Art League will meet with Mrs. James R. Lamb, Milton avenue, this afternoon at 3 o'clock, at which time the art program of Nov. 2 will be given.

Dr. H. A. Palmer was appointed R. K. pro tem at the last Macabees meeting and he will be in his office over Bort, Bailey & Co. Saturday from 7 to 8 o'clock to receive assessments. All assessments must be paid this week.

The contract for laying an eighteen inch sewer from the intersection of Terrace and Ravine streets to Mineral Point avenue, along Mineral Point avenue to Madison, then north on Madison to the river, has been awarded to McVicar Brothers. The length of the sewer will be about three thousand feet. The expense of laying will be paid by the property owners along the line.

Progressive cinch formed the social part of the program at a meeting of the Women's Catholic Order of Foresters held in their hall in the Corn Exchange block last night. Fourteen tables were filled with players and an enjoyable time was had. Later in the evening an elaborate supper was served, which was highly enjoyed.

PLENTY OF TOBACCO REMAINS UNSOLD

BUT THE BUYING OF THE NEW
CROP HAS DECLINED.

Some Old Leaf is Continually Being Picked Up—Several Important Transactions of Late—Conditions of Trade That Effect the Tobacco Market Were Never More Marked.

Buying of the new crop has declined until but few dealers are in the field. Election matters of course were the absorbing topic of the week but there is less disposition to continue the movement than heretofore since the market opened. There is plenty of tobacco in the country remaining unsold but the inability of dealers to secure packings now at the average of the early sales precludes new buyers entering the field at present. They prefer to wait and take their chances later, says the Edgerton Tobacco Reporter.

Some old leaf is continually being picked up in the country. L. C. Jordan sold 40cs '99 at 9 & 4 cents; A. Heggstedt 30cs at 9 & 4c; J. Berkger, 41cs at 9 & 2 cents.

Among packers several important transactions have taken place of late. Soverhill & Porter sold 1,400 of their '99 packing to Young and Newman of Philadelphia who also bought 63cs of Conway Bros. & Co. The Heggstedt packing of '99, 250 cs, is reported sold to J. Bunzl's Sons and M. D. Silverthorn sold 150 cs to Julius Marquise.

The shipments out of storage reach a total of 22 car loads, 1,080 cs, for the week past to all points from this station. Since last report 650 cs of cigar leaf were exported from New York.

The conditions of trade that effect the price of tobacco was never more marked than the changes that have occurred in the demand for low grade cigar leaf the past two years. It is a noticeable coincidence that while the better grades have continued to advance in price the filler and low grade tobaccos have steadily declined. Up to a little over a year ago this class of goods have readily been bringing six cents or better either for export or domestic uses. Lately the demand for low grade seems to have dropped off and filler grades are slow sellers at about half of former prices. The condition is partially explained in the fact that the export market wants a better class of goods. The question of price has given away to quality and the European trade is willing to pay more for better tobaccos. But for domestic uses also cheap tobaccos are not bringing the usual price. It is a singular market condition which frequently occurs in the tobacco trade. This will, in part, account for the unwillingness of the buyers to pay more than two cents for green fillers of the new crop.

Lately the demand for low grade seems to have dropped off and filler grades are slow sellers at about half of former prices. The condition is partially explained in the fact that the export market wants a better class of goods. The question of price has given away to quality and the European trade is willing to pay more for better tobaccos. But for domestic uses also cheap tobaccos are not bringing the usual price. It is a singular market condition which frequently occurs in the tobacco trade. This will, in part, account for the unwillingness of the buyers to pay more than two cents for green fillers of the new crop.

The price of tobacco was never more marked than the changes that have occurred in the demand for low grade cigar leaf the past two years. It is a noticeable coincidence that while the better grades have continued to advance in price the filler and low grade tobaccos have steadily declined. Up to a little over a year ago this class of goods have readily been bringing six cents or better either for export or domestic uses. Lately the demand for low grade seems to have dropped off and filler grades are slow sellers at about half of former prices. The condition is partially explained in the fact that the export market wants a better class of goods. CANADIAN TO SEEK THE POLE.

Capt. Bernier to Leave for North Next June.

EXPLORER'S NEW METHODS.

Proposes to Proceed to the North of the Jeannette's Arctic Position Through One of the Northerly Openings in the Ice.

Quebec, Nov. 9.—The first distinctively Canadian expedition in search of the north pole will probably set out for the polar regions next year. It will be commanded by Captain Bernier, an old-time arctic navigator. His plans include several novel propositions for facilitating his reaching the desired goal.

The study of the great problem of arctic exploration has been the hobby and pursuit of Captain Bernier's life. He has promise of generous Canadian aid for his expedition, and has gone to England to consult Sir Clement Markham, president of the Royal Geographical society, and also to make arrangements for the construction of a new ship for his voyage of discovery.

It will be decided in England whether this vessel is to be of wood or metal—that is, the Siemens-Martin mild steel.

Captain Bernier purposes to set out on his voyage about June 1, leaving Vancouver for Bering Straits, accompanied by a crew of twelve, all possessed of special scientific attainments. The coast of Siberia will be followed as far as the New Siberian islands, the expedition passing to the west of them to survey Sannikov Land and to finish the survey of North Bennett Island, commenced by the Jeannette's crew. There the opportunity will be watched for in the late period of navigation to proceed to the north of the Jeannette's arctic position through one of the northerly openings in the ice.

Arctic Explorers Are Back.

Edinburgh, Nov. 9.—The whaler Eclipse arrived at Dundee from Davis strait with a party of arctic scientific explorers, including Messrs. Stein and Warmbath, Americans, and Dr. Kann, an Austrian, who secured important information as to Ellesmere land. The explorers spent the summer at Bedford on Pym Island, the scene of the disaster to the expedition headed by Lieut. Greely, from which point they saw the Peary expedition pass. Dr. Kann says: "We saw Peary's expedition pass at the beginning of August in three divisions. The third was led by Lieut. Peary himself, who was badly frostbitten. Lieut. Peary was determined to make a bold dash for the pole."

Maud—is a and so to old to hope for improvement? I should say not. One just begins to live. Take Rocky Mountain Tea. You'll be blooming fair at 60. Smith's Pharmacy, kodak agents, opposite P. O.

GEN. DEWET WOUNDED.

Boer Leader Narrowly Escapes Capture at Rensburg Drift.

Pretoria, Nov. 9.—Gen. Dewet has been wounded in the leg in a fight with the troops of General Knox at Rensburg drift. According to native reports, the Boer commander narrowly escaped capture.

Pretoria, Nov. 9.—Surrendered burghers assert that Mr. Steyn, after a council of war with General Botha and General Delany, addressed the burghers with great passion, urging them to continue the war. He said he was going south and hoped to return with 5,000 men, declaring that he knew Germany had delivered an ultimatum to Great Britain demanding the retrocession of the republic.

BRIEF BITS OF COUNTY NEWS

Continued from page 2.

present will make this village his home.

J. P. Holmes has gone to Rochester in Minnesota where he has a position in an insane asylum.

Rev. W. L. Curtis of Kyoto Japan, will occupy the pulpit of the Congregational church Sunday morning and will speak to the Endeavor society in the evening. You are invited to hear him on both occasions.

The College football team are not "mud larks" consequently the White-water Normals did "em up" Tuesday. Mrs. Fred Campbell of Edgerton has been visiting her sister, Mrs. L. Kummel, this week.

Miss Mary Flavelle was called to Janesville Wednesday by the dangerous illness of her sister.

CENTER.

Center, Nov. 9.—Center was well represented at the Dixie Jubilee Concert held in Footville Saturday eve. It was the first number of the course and was well deserving of the large patronage given them.

Mrs. Kate Dean starts for California Saturday.

Mr. and Mrs. Will Silverthorn spent Sunday in Janesville.

There will be a Thanksgiving supper held at the home of Mr. and Mrs. J. W. Quimby on Thanksgiving eve. A good program will be given.

G. N. Ashby and son have bought the George Panghurst farm.

Mrs. Lena Miller has become the owner of the Sayles farm.

Mr. Richard Stark and Amelia Dalgner were married on Thursday. May success and happiness attend them through life.

Miss Mary Whitmore spent two or three days of this week in Janesville.

SIX CORNERS.

Six Corners, Nov. 9.—Mr. and Mrs. John Mullen of Fort Atkinson spent Sunday and Monday with friends at the Corners.

James Fetherston and family have moved onto the farm which he bought of Mrs. Snyder.

The auction of Mrs. Snyder's on Monday was well attended and property brought fairly good prices, horses selling especially well.

Mrs. Katie Bacon is spending a week with the family of Rev. Geo. Chambers at Schullsburg.

Thomas Creighton of Delavan has moved onto the Walsh farm and will rent it for a year.

Oaklawn factory gains a half dozen patrons by the closing down of Johnson Centre's creamery.

Lou Wolfgram has purchased the frame tenement house formerly belonging to Mrs. John Snyder, of Mr. Fetherston and will move it onto his farm for a residence. He will also erect a barn on the place.

Mr. Matt Hammes of Busseyville attended the Snyder sale Monday.

Mr. Nugent of Janesville, a representative of the Gazette, did a good day's work among the farmers here Monday.

A roving gypsy-like band of four families and the usual number of ancient horses camped at the Corners from Monday till Wednesday and made life miserable for the smaller school children while they remained.

The young people of the vicinity enjoyed a social party and dance at the house recently vacated by Mr. White. The party was given by Otto and Tillie Bottcher and those present report an enjoyable evening.

Lord May's Green Installed.

London, Nov. 9.—Ald. Frank Green, who was elected lord-mayor of London Sept. 29, was formally installed in that office at the Guild hall this afternoon. Lord Mayor Green is a native of Maidstone, Kent, and is a paper merchant. His wife, a daughter of Joseph Haydn, the author of the "Dictionary of Dates," died last winter, so the duties of lady mayoress will be undertaken by Mr. Green's daughter.

One Man Saved

From a wreck will attract the world's attention to the life-saver. Yet let the life-saving be continued every day, and very soon it attracts no public attention. If the scene of the saving of one life by that life-saving remedy, Dr. Pierce's Golden Medical

Discovery, could be made to stand out alone, like a picture on a screen, it would attract the notice of the whole nation. By a curious contradiction the very frequency with which the "Discovery" saves life, robs the fact of general interest. For obstinate coughs, bronchitis, weak lungs, and other diseases of the respiratory organs, "Golden Medical Discovery" is the one medicine which offers certain help, and almost certain cure. It contains neither alcohol nor narcotics.

"Only for Doctor Pierce's Golden Medical Discovery I think I would be in my grave today," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep and was compelled to give up work. It afflicted my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife insisted on my trying 'Golden Medical Discovery.' I have taken four bottles and am now a well man, weighing 185 pounds—thanks to Dr. Pierce."

The People's Common Sense Medical Adviser in paper covers, is sent free on receipt of 21 one-cent stamps to pay the cost of mailing—only. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE CLEANSING AND HEALING CURE FOR CATARRH

ELLY'S CREAM BALM

Easy and pleasant to use. Contains no injurious drugs. It is quickly absorbed. Gives Relief at once. It Opens and Cleanses the Nasal Passages. Allays Inflammation. Heals and Protects the Membrane. Restores the Senses of Taste and Smell. Large Size, 50 cents; Small Size, 25 cents by mail. **ELLY BROTHERS, 50 Warren Street, New York.**

THE DINNER MEAL

from our prime stock will sharpen the wit and soften the heart. Just ask the price of a new bonnet, or silk-lined gown, after hubby has dined upon one of our juicy roasts or steaks, delicate Spring Lamb, or mode beef, and see how his after dinner will reach his pocketbook. A good dinner is a wonder worker with the male sex.

BRYAN IS OUT OF POLITICS.

He Will Resume Literary Work and Will Not Try for Senatorship.

Lincoln, Neb., Nov. 9.—It is stated positively by friends of Mr. Bryan that the defeated presidential candidate will not permit his name to be used for senatorial honors. He is said to have promised to stay out of this contest and intends keeping that pledge. In the event of fusionists securing the legislature it is probable that G. M. Hitchcock of Omaha will be sent to the upper house of congress, although W. H. Thompson of Grand Island is a strong candidate. Mr. Bryan, his friends say, will devote his time to literary work and will not re-enter the political field, at least for some time. He still refuses to discuss the result of the election, expressing a wish to await more complete returns.

As presidential possibilities in 1904 are mentioned David B. Hill, Richard Olney and Grover Cleveland. The favor with which the names are received can be seen by the order in which the names are given. Hill would be the most available standard bearer in the opinion of most Democrats. Richard Olney has a larger following. Grover Cleveland has already been nominated three times for president and his pronounced views on the currency question would make him scarcely a harmonious candidate. But one thing is certain. The campaign four years from now will be fought out on far different lines.

Vessels in Peril.

Duluth, Minn., Nov. 9.—The north-west gale which broke on the lakes Wednesday night proved to be the heaviest storm of the year. On Lake Superior four consort vessels were torn from their steamers, and one, the Abyssinia, with a cargo of wheat from Duluth, had a narrow escape from going ashore on the rocks of Keweenaw peninsula. The Keating, H. A. Barr, and Commodore are still adrift on the lake and in danger of going on the beach. The schooner Stafford was wrecked at Good Harbor, Mich., and may be a total loss. The schooner Maumee Valley was driven ashore near Port Colborne. Several large steamers were driven back to Chicago after being exposed to the gale for a few hours, and large boats were generally seeking shelter on Lakes Superior, Michigan and Huron.

Cartoon on Indian Tour.

Bombay, Nov. 9.—Lord Curzon, viceroy of India, is making a tour through the presidency. At a large meeting held here today he emphasized the importance of India as part of the British empire.

He said India's arm reaches as far as China and Africa, and it was the

AMOS REHBERG & CO.

SHOES AND CLOTHING!

Hurrah For

The cold weather. It means that you must have warmer apparel, and pretty sudden, too. Well, we're just waiting for you and can fix you up with the best and warmest stuff in Janesville.
